CAREER OBJECTIVE

Motivated and detail-oriented aspiring Java Developer with a strong foundation in Object-Oriented Programming and web technologies. Seeking an entry-level opportunity to develop scalable applications and contribute to organizational growth while continuously enhancing technical skills.

EDUCATION

B.E – Electronics and Communication Engineering

Ramco Institute of Technology, Rajapalayam

CGPA: 7.85 (up to 6th Semester)

Expected Graduation: 2026

HSC

Jaycees Matric Hr. Sec. School, Sivakasi

Completed in 2020

Percentage:70.3%

SSLC

Jaycees Matric Hr. Sec. School, Sivakasi

Completed in 2018

Percentage:88%

TECHNICAL SKILLS

- **Programming:** Java
- **Core Concepts:** Object-Oriented Programming (OOP), Data Structures (Arrays, Strings – Basics)
- **Database:** MySQL
- **Web Technologies:** HTML, CSS
- **Tools:** Git, GitHub, VS Code

PROJECTS

Online Bus Reservation System (*Java + MySQL*)

- Developed a console-based application to manage bus ticket booking operations
- Implemented features including user registration, login, seat selection, and booking management
- Applied OOP principles such as classes, objects, and modular methods
- Integrated MySQL database using JDBC for efficient data storage and retrieval

Personal Portfolio Website (*HTML, CSS*) – *In Progress*

- Developing a responsive personal webpage using HTML and CSS
- Designing clean layouts with focus on user-friendly interface and styling
- Learning frontend development concepts through hands-on implementation

INTERNSHIP / TRAINING

Java Development Training

- Completed 1-month hands-on training in Core Java
- Gained practical knowledge in OOP concepts, basic application development, and problem-solving

CERTIFICATIONS

- Java Development Certification (Core Java & OOP) – Codec Technologies

ACHIEVEMENTS & ACTIVITIES

- Participated in Ideathon on AI & IoT in Precision Agriculture, contributing ideas for real-world problem-solving
- Attended workshop on Image Processing using Machine Learning, gaining exposure to basic ML concepts

KEY SKILLS

- Good understanding of Java fundamentals and developing problem-solving abilities
- Quick learner with the ability to adapt to new technologies and development tools
- Basic understanding of web and backend development using HTML, CSS, and Java
- Effective team collaborator with strong communication skills

- Good time management skills with the ability to meet deadlines efficiently

HOBBIES

- Reading novels
- Practicing coding problems
- Designing simple web pages
